*le thi ha hon:nien - We make the road for them*

## **AMBE District Schools Transition to Online Learning Update**

Nia:wen for your continued patience and understanding as we transition to online learning for this period of time. As a precaution we have decided to close the schools tentatively for the next two weeks. AMBE district schools will only be providing remote online instruction.

Please note that students who receive hybrid instruction do not have to be registered to move to remote online instruction. This process happens automatically because you are already registered with AMBE.

Students are expected to begin or continue to receive online instruction on Thursday, November 5, 2020. Teachers will be contacting their student's families. If you have not heard from your student's teacher, please ensure that your student's school has your updated contact information.

In some instances students may already be back to learning online. While other students will receive educational packets to work on independently at home. Please keep checking for updates as a schedule will be released in the coming days for Chromebook and educational packet pick up.

Beginning at 9:30 a.m. on Wednesday, November 4, 2020 AMBE Transportation will deliver student work packages in each district. Please keep an eye out for the school bus or check your mailbox. If you do not receive a package tomorrow by 12:00 p.m. (noon) please call the school to make arrangements.
