Tsi Snaihne Child Care Centre Closed

Tsi Snaihne Child Care Centre has voluntarily closed as a precautionary measure after learning that one of our children had direct exposure to an individual with Covid-19. Currently there are no confirmed cases of Covid-19 at the Child Care Centre. However, due to our families awaiting testing results we need to err on the side of caution and close the centre until further notice

An announcement will be made once we are able to reopen the Tsi Snaihne Child Care Centre. Please follow the Ahkwesàhsne Mohawk Board of Education facebook page and the ambe.ca webpage for updates.

We ask that our staff and families remain vigilant with social distancing, mask wearing, and frequent hand washing. Please limit social contacts to those within your immediate family household. Please be safe, we are all in this together.
