Re: Letter from the Director of Education
2020-2021 Welcome Back to School

She:kon AMBE Families,

Welcome back! We hope that everyone enjoyed a wonderful summer. We're very excited to be welcoming our students back for the 2020-2021 school year. We are looking forward to reconnecting with our students, whether in-person or through remote learning.

The past few weeks have been very busy in the education world. At AMBE we have been making decisions with student and staff safety as our primary focus. Although we know everyone returns with some worries and increased anxieties, we know we're doing our best to create a safe environment within the reality that we are currently living.

Cooperation and patience will be required as we approach the new school year with many new procedures in place. The [AMBE Return to School Protocol](#) and other important updates can be found on our website www.ambe.ca. Please take some time to review as we must shift to a new normal this school year. As we are all aware, so many things will be different this school year.

There will be many outgoing communications to our families this year. It is extremely important to ensure your contact information is accurate and up to date. Contact information can be verified by calling your child's school.

Thank you all for your support and trust in our school. We will do everything we can to give your child a safe, healthy and happy experience this school year.

Sincerely,
Donna Lahache,
AMBE Director of Education
